Mended Hearts is pleased to announce a new online educational Go-to-Guide about high cholesterol and familial hypercholesterolemia. The Go-to-Guide will cover topics such as:

- Cholesterol: What Is It?
- How Cholesterol Works
- Cholesterol: The Risks
- The Numbers to Know
- Treating High Cholesterol
- Asking the Right Questions
- What is FH?
- Living with FH

The interactive guide will also include videos, quizzes and printable patient tools.

The High Cholesterol and FH Go-to-Guide can be found on the Mended Hearts website at www.mendedhearts.org/education/high-cholesterol-fh.

Mended Hearts gratefully acknowledges the support of Amgen.
